Festival & Competition Day-of Procedures

- The students will perform a scale followed by a chord progression and two memorized pieces for a highly qualified judge (2 judges at the Competition level).
- Each student will be scheduled for a specific time to perform for the judge(s).
- Please arrive about 15 minutes in advance of the scheduled time.
- Please allow at least one-hour total for the event. We try to keep the event running on time, but due to unforeseen circumstances the event may run late.
- Only the student and the judge(s) will be allowed in the judging room. Whoever accompanies the student may listen outside the closed door.
- Each student is allowed to warm-up on the piano prior to performing his/her graded scales/chords. The warm-up should not include any part of either of their scale/chords or performance pieces.
- Students are not required to announce the name or their pieces.
- The judge(s) knows the student's name but the teacher's name is kept confidential.
- Students should dress appropriately in recital attire.
- The student must provide a clean copy of the original score with measures numbered for the judges to view. Photocopies are not permitted. Digital formats of sheet music purchased online are permitted as long as a receipt or proof of purchase is presented at the time of the performance. Free downloads of Public Domain music (most music published prior to 1923 is in the public domain) are permitted as long as proof that the publication is in the public domain is provided.
- Please make sure to leave with your copies of music. The judge(s) may want to look the music over further after the performance but will return it shortly before the student leaves.
- The evaluation sheets and Honors Recital invitations will be made available to the teachers.

Honors Recital

Students attaining the highest total scores at each Festival Level or Competition will be asked to perform in one of the Honors Recitals.

All awards (medals, trophies and cash prizes) will be awarded at the Honors Recital.

- To receive these awards, the student must be present at their scheduled Honors Recital.
- The only exception to the attendance rule is an extenuating circumstance (illness or family emergency). Please notify your teacher as well as the chairperson. The student can still receive their award in this case.
- If a student does not show up without notice, all awards will be forfeited, including cash prizes for the Competition.

Honors Recital Video Release Authorization

A video recording of all performances at the Honors Recital will be made. Participation in this recital implies permission for the Downers Grove Music Club to use any of the videos on its website, social media, and an unlisted YouTube channel if selected for such purpose. If you do not wish to grant permission for such use, please contact the event organizer regarding this at pianofest@downersgrovemusicclub.org.

Rising Stars Concert

Competition First Place winners are invited to perform on the annual Music Club's Rising Stars concert.

PIANO FESTIVAL INFORMATION

The Piano Festival consists of five levels, graded from Level 1 to Level 5.

Festival Awards:

- All students entering the Festival will receive a certificate of participation;
- Students attaining the highest total scores at each Level will be asked to perform one of their pieces at the Honors Recital;
- Honors Recital participants will receive either medals or 1st place trophies.
- The trophies are awarded to the highest score(s) in each level;

Festival Scales and Chords:

- Each student must play a scale and chord progression from memory. See required repertoire list for specific octave and chord requirements for each level.
- It is preferred that the scale and chords are in the same key as one of the musical pieces, but not required.
- The scale must be played in parallel motion, hands together. The chords must be played hands together. Failure to play the scales and chords in the manner stated will result in a zero score for that portion.
- Use of the damper pedal on the chords is optional.

Festival Music Selections:

- All students will perform two pieces, memorized;
- Both pieces must be from the list of Required Repertoire;
- Each piece selected must represent a different period in Music History as identified in the list of Required Repertoire. For example,
 - A level 1 student must select one piece from the combined periods of Baroque/Classical/Romantic and the second piece from the 20th Century period,
 - A level 2 or 3 student must select one piece from the combined periods of Baroque/Classical and the second piece from the combined periods of Romantic/20th Century,
 - The level 4 and 5 students may select one piece from any of the 4 periods – Baroque, Classical, Romantic, or Impressionistic/20th Century – and then select the second piece from the other 3 periods.
- The books listed on the list of Required Repertoire are given as guidelines. If you have a comparable edition of the piece from a different editor and/or publisher, it will be permitted as long as the arrangements are the same as the book listed and not in a different key or an easier version. Take note that some original scores are found in a book compilation as well as sheet music; either is permitted.
- Repeats should be omitted only if the pieces exceed the allotted time limits.

Festival Time Limits:

Each level is allotted a certain amount of performance time (see below). If the total length of the scales, chords and two pieces exceeds the student's allotted time, the judge may stop the student's performance. This will NOT affect the score.

- Level 1- 5 minutes
- Level 2- 5 minutes
- Level 3- 7 minutes
- Level 4- 8 minutes
- Level 5- 10 minutes

Festival Scoring:

The judge will rate and comment on memory, accuracy of notes, accuracy of rhythm, tempo, technique, phrasing and articulation, dynamics, balance between hands, tone quality and pedaling (when applicable), style and interpretation. Students aim to achieve the highest score possible, but more importantly, they will receive judge's comments which are invaluable when learning the piano.

- A point system is used to evaluate each of the aspects of musicianship listed above:
 - 10 Superior Performance
 - 9-8 Excellent performance, minor defects
 - 7-6 Good performance, needs improvement
 - 5-4 Fair performance, needs more work
- Total Scores Possible
 - Levels 1 and 2
 - Scale and Chords = 10 points
 - Each performance piece = 50 points
 - Total = 110 points
 - Levels 3, 4 and 5
 - Scale and Chords = 10 points
 - Each performance piece = 100 points
 - Total = 210 points

If either the required scales/chords and/or the musical pieces are not performed from memory, the student will be disqualified from participation in the Honors Recital.
